

Model BLACK.DOMINO

The **BLACK.DOMINO** model is a powerful ThinClient with a compact design for use in the office.

The new Intel Celeron processor family with QuadCore guarantees great computing power with low power consumption at the same time. The ThinClients are in principle fanless and thus **noiseless and low-maintenance**.

The client has **2 display ports (DP)**, a stylish housing and expandability by means of a separately purchased stand. The BLACK.DOMINO model is therefore **universally applicable**.

The openthinclient® model boots in connection with central administration by the **Management Server * via network (PXE)**. By using the onboard already integrated SSD, the ThinClient can - after the corresponding configuration in the management software * - can also be booted locally.

*ThinClient is delivered without an operating system and management software

Technical specifications

 **CPU**
2.70 GHz Intel® Celeron® J4125 QuadCore (fanless, passive cooled)

 **RAM**
4 GB, DDR4 SO-DIMM (max. 8 GB)

 **Graphics / display**
Chip: Intel® UHD-Graphics 600
Resolution: max. 3840x2160
Color depth: max. 32 Bit

 **LAN**
10/100/1000 MBit/s supported PXE-Boot (UEFI)

 **Audio**
1x Mic-in
1x Line-out
1 x built-in
0,5W loudspeaker

 **Connections**
1x USB (3.0)
1x USB(3.0)TypC

4x USB (2.0)
2x DisplayPort
1x Ethernet RJ45

 **Intern**
1 x WLAN, M.2 2230
E key socket

 **Local memory**
1x 8 GB eMMC

 **Power supply**
12V DC-IN

 **Performance**
approx. 10 watt

 **Measurements and weight**
200mmx40mmx150mm (HxBxT)
1020g

 **Cooling**
Fanless

 **Surroundings**
0° - 35° Ambient temperature
In operation
20% - 80% Humidity

 **Guarantee**
24 months Bring-in (B2B)

 **Certification mark**
CE, FCC, LVD, RoHS, WEEE

 **Accessories (included)**
external power supply
100-240V@ 50-60 Hz
Stand

 **Accessories (optional)**
1 x COM and 1 x Parallel
by stand
Warranty extension to
36, 48, 60 months
WLAN module
Fiber Optic LAN
VESA mount
Keyboard, mouse

 **Recommended thin client software**
openthinclient OS, from version 2022.x

 **Note**
Device dissipates the developed heat via the housing. A cover can lead to damage.
