

Model TAB.GO.12

The TAB.GO.12 is a versatile tablet featuring an Intel® Alder Lake-N-series processor. With a clock speed of up to **3.40 GHz** and **16 GB of RAM**, it is perfect for everyday tasks. The **12.02-inch display**, with a resolution of 2160 x 1440 pixels, delivers sharp images, and the **MPP 2.0 stylus pen** allows for precise input. It features two Type-C ports, a Micro SD slot, and an M.2 SSD slot for **storage expansion**.

The **5000 mAh battery** provides long-lasting battery life, ensuring reliable operation throughout the day.

The tablet is equipped with front and rear cameras, offering quick and straightforward support for documentation tasks.

By using the integrated SSD, the TAB.GO.12 model can be **locally booted** after proper configuration in the Management-Software.*

*ThinClient is delivered without an operating system and Management-Software.

Technical Data

CPU

Intel® processor from Alder Lake-N-series up to 3.40 GHz
